

www.mesefruit.com

Mese Tarım A.Ş. is a world-class fruit producer with an understanding of superior quality and service that respects nature and homocentric. It produces fruit in its garden with an area of 465 decares, which it established in the Yeşilhisar district of Kayseri.

Believing in environmental, health and safety controls and practices, Mese Tarım A.Ş. produces fruit in accordance with international commercial standards that demanded by today's consumers.

We are waiting for you in our garden to explore Mese Tarım orchard with **465,000** square meters of land, **143,000 saplings** and **an annual production of 2800 tons**, which started the agriculture sector with a sapling and made significant contributions to the agriculture of the region and Turkey.

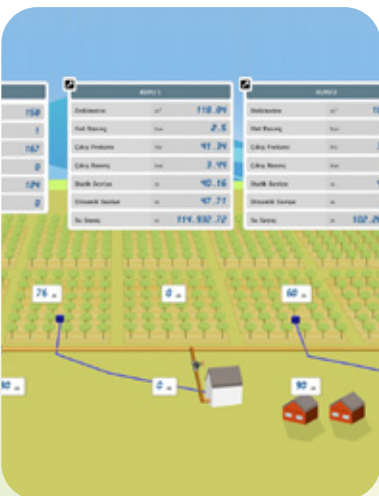

Protection Systems

In order to protect our plants from the fact of nature, we protect our entire garden with a wire pole (fence wire) system with a distance of 3.5 meters, a protection net with different colors and shading ratios according to plant varieties, and Spring frost protection systems.

Meteorology

Thanks to our meteorology station, we follow the local weather conditions and provide a general forecast about the weather. Many measurements such as air temperature, soil temperature, soil moisture, solar heating, hail, wind direction, wind speed and herbal disease tracking in our garden are made instantly and monitored daily.

Irrigation and Fertilization Automation

Our garden, which has irrigation and fertilization automation systems, delivers the appropriate fertilizer and water when needed according to the needs of the soil and our plants. It works with different programming and initialization options.

Our fruits, which are grown with controlled agriculture in our own garden and other gardens in the region, are on the market under the brand **Mese Fruit**.

We work with our principles of quality products, honest, ethical and moral values in packaging and export, which are complementary to the production process.

Mese Fruit delivers the freshest product to its customers in the fastest way by acting in accordance with the harvest periods in the region where the best apples of Turkey are grown.

Storage

We quickly transport freshly harvested fruits to cold storage and store them in suitable conditions. The temperatures in the cold storage vary between 0°C and 4°C, depending on the cooling sensitivity of apple varieties.

Packing

In order to ensure customer satisfaction, we pack the products in the cold storage rooms with the sizes and packages requested by our customers in a way to meet all their special needs and make them ready for shipment. We are **IFS Food certified**, which means that all our storage and packaging processes comply with high hygiene and food safety standards.

Quality & Control

All controls are carried out starting from the pesticide residue analysis, measurement of sugar, acidity and brix level of the products arriving at the storage facilities, until the shipment stage. Ready-to-delivery products are inspected according to customer quality standards.

Logistics

Thanks to Turkey's geopolitical location, we deliver our products that packaged according to the special needs of our customers, to all countries of the world by land and sea, at fast and affordable prices. We provide the cold chain in the transportation process.

Products

Granny Smith

The harvest calendar is marked in orange and the storage calendar in green.

Its fruit is medium - large in size and has a green, oily and slightly corrugated green skin; The flesh is crispy, juicy, sour and sufficiently aromatic. It has a unique sour taste.

Box	Kgs	Packaging	Caliber (fruits)

Mix Carton

23cm x 40cm x 9cm

Material base		100% cardboard FSC certified	
Size		1 Layer - 23 cm x 40 cm x 9 cm	
Weight		Approximately 2 - 2,3 kg	
Transport	Europallet	80 x 120 cm	
	Base	10 x 22 layers = 220 packet	
	Container 20"	11 pallet	Container 40" 24 pallet

*For a fast, controlled purchase.

Mini Carton

30cm x 40cm x 10cm

Material base		100% cardboard FSC certified	
Size		1 Layer - 30 cm x 40 cm x 10 cm	
Weight		Approximately 3 kg	
Transport	Pallet	100 x 120 cm	
	Base	10 x 21 layers = 210 packet	
	Container 20"	10 pallet	Container 40" 21 pallet
	Europallet	80 x 120 cm	
	Base	8 x 21 layers = 168 units	
	Container 20"	11 pallet	Container 40" 24 pallet

*For a fast, controlled purchase.

Midi Carton

30cm x 50cm x 10cm

Material base	100% cardboard FSC certified
Size	1 Layer - 30 cm x 50 cm x 10 cm
Weight	Approximately 4 - 4,5 kg

Transport	Pallet	100 x 120 cm		
	Base	8 x 21 layers = 168 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	6 x 21 layers = 126 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Small Carton

40cm x 60cm x 10cm

Material base	100% cardboard FSC certified
Size	1 Layer - 40 cm x 60 cm x 10 cm
Weight	Approximately 6 - 8 kg

Transport	Pallet	100 x 120 cm		
	Base	5 x 18 layers = 90 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	4 x 18 layers = 72 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Medium Carton

30cm x 50cm x 17cm

Material base	100% cardboard FSC certified
Size	2 Layers - 30 cm x 50 cm x 17 cm
Weight	Approximately 8 - 8,5 kg

Transport	Pallet	100 x 120 cm		
	Base	8 x 12 layers = 96 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	6 x 12 layers = 72 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Large Carton

40cm x 60cm x 17cm

Material base	100% cardboard FSC certified
Size	2 Layers - 40 cm x 60 cm x 17 cm
Weight	Approximately 12 - 14 kg

Transport	Pallet	100 x 120 cm		
	Base	5 x 12 layers = 60 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	4 x 12 layers = 48 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

XLarge Carton

30cm x 50cm x 28cm

Material base	100% cardboard FSC certified
Size	5 Layers - 30 cm x 50 cm x 28 cm
Weight	Approximately 13 -14 kg

Transport	Pallet	100 x 120 cm		
	Base	8 x 8 layers = 64 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	6 x 8 layers = 48 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Telescopic Carton

32cm x 52cm x 30cm

Material base	100% cardboard FSC certified
Size	5 Layers - 32 cm x 52 cm x 30 cm
Weight	Approximately 18 kg

Transport	Pallet	100 x 120 cm		
	Base	8 x 8 layers = 64 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	6 x 8 layers = 48 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Small Plastic

40cm x 60cm x 10cm

Material base	Plastic
Size	1 Layer - 40 cm x 60 cm x 10 cm
Weight	Approximately 6 - 8 kg

Transport	Pallet	100 x 120 cm		
	Base	5 x 18 layers = 90 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	4 x 18 layers = 72 packet		
	Container 20"	11 pallet	Container 40"	24 pallet

*For a fast, controlled purchase.

Medium Plastic

40cm x 60cm x 17cm

Material base	Plastic
Size	2 Layers - 40 cm x 60 cm x 17 cm
Weight	Approximately 12 - 14 kg

Transport	Pallet	100 x 120 cm		
	Base	5 x 12 layers = 60 packet		
	Container 20"	10 pallet	Container 40"	21 pallet
	Europallet	80 x 120 cm		
	Base	4 x 12 layers = 48 packet		
	Container 20"	11 pallet	Container 40"	24 pallet
